

**Job Title:** Research Assistant  
**Department:** Department of Management  
**Job ID:** 10038

### Job Posting Details

The appointee will primarily be involved in an academic research project on entrepreneurial and innovative firms and how they secure resources. Major responsibilities include data collection and cleaning, statistical analysis, survey design, and other duties as assigned.

*Applicants should have a bachelor's degree or higher in a quantitative discipline, such as economics, business, science, or engineering. They should have a strong background in quantitative data, online survey design, and excellent written and oral English-language skills. The ideal candidate should be responsible, detail-oriented, and capable of working under short deadlines. Previous experience in Qualtrics, Python, or STATA are desirable. (Duration: 3-6 months, with the possibility of renewal based on performance)*

Starting salary will be commensurate with qualifications and experience. Fringe benefits including annual leave and medical benefits will be provided.

### Application Procedure

In support of a green work environment, we accept applications submitted online only. To apply, please complete an online application form through the HKUST Careers website (<https://hkustcareers.ust.hk>) and return it online to the Human Resources Office. Screening of applications will begin immediately and will continue until the position is filled. Applicants will receive an acknowledgement by email upon successful submission. We thank applicants for their interest, but advise that only shortlisted candidates will be notified of the result of the application.

*(Information provided by applicants will be used for recruitment and other employment-related purposes. Applicants should read the [Personal Information Collection Statement](#) before submission of application.)*

**HKUST is an equal opportunities employer and is committed to our core values of inclusiveness, diversity, and respect.**
